## WORK HISTORY

---

05/2024 to 09/2024

### Web Developer / IT Support Internship

Pro Bono Net – Remote

- Developed responsive web applications using HTML, CSS, and JavaScript frameworks.
- Collaborated with UX/UI designers to enhance user experience and interface design.
- Coded websites using HTML, CSS, JavaScript, and jQuery languages.
- Developed custom web applications, resulting in tailored solutions for client needs.
- Rebuilt and optimized homepage layouts for Pro Bono Net websites to improve usability and design consistency.

- Wrote Python scripts to glitch-test and security-test internal chatbots and web systems using browser automation.
- Conducted bug testing and troubleshooting across multiple organizational websites and tools.
- Managed and updated the Legal Directory for immigrant-assistance organizations, ensuring data accuracy.
- Used n8n to build chatbots and automate routine IT tasks while collaborating remotely with the core tech team.

05/2024 to Current

### **Developer**

#### **SmartFoods Nutrition – Remote**

- Developed a scalable nutrition-tracking app using Swift and Firebase Firestore.
- Designed an intuitive SwiftUI interface with real-time meal and vitamin recommendations.
- Created ChatBot features that the app integrates well into.
- Built intelligent meal-planning and vitamin-tracking features to support user health goals.
- Collaborated with a cross-functional team on design, testing, and feature rollout.
- Planning to launch a game-changing app that promotes smarter, personalized nutrition.

06/2022 to Current

### **Audio Visual Technician**
